Winter 2021/2022

As we come out of wintertime into beautiful spring warmth, it's a time to be thankful for everyone who showed up during the colder months. Even with the long dark days our staff and community have showed up every day with one goal, to give our cats a chance at a future! Our shelter was warmed, literally, by our generous supporters when we put out a call for help and heaters. As we rolled into January we welcomed our newest face in the shelter, Bree. She has been an animal lover her entire life but has not had the opportunity to work with them until now. We are very excited to see what Bree has in plan for the shelter.

Fundraising

Our paws are crossed that 2022 will bring back pre-pandemic fundraising. We miss your smiling faces! While we have had to come up with creative ways to help our cats out, our community has always showed up.

Our newest board member Elizabeth organized a card draw that raised \$280 for the shelter!

The year 2022 brought heartache to the world with the loss of longtime animal advocate, Betty White. On her birthday we raised our glasses, and \$1420.00 for our shelter.

Our annual bottle drive raised \$2260.82 . Thank you to everyone who came out!

Chocolate lovers came together and helped us raise \$387.98 during our Purdy's fundraiser for Easter.

Purrfect Pals

Crisp was our little hungry chonk at the shelter. Her favorite pastimes included snuggles, eating, and eating more! When she first came in as a friendly stray she wasn't in the great shape she is now. It didn't take long for her to charm her new family and she now spends her days snuggling, being pampered, and of course, eating!

Beaver came from a feral colony and had a tendency to chomp on unsuspecting fingers! He learned quickly though that the fingers he was biting provided food! He's now happily adopted into a loving and patient home that's teaching him that friends are not food.

Duke and Daisy came to us as a bonded mother and son pair. They loved having free roaming in the shelter and could often be seen visiting all the other cats. This playful pair took a bit longer to be adopted but if they could talk, they would tell you that the wait was worth it. They were adopted into their forever home and are currently being spoiled with window watching, playtime and cuddles.

Tessy was brought to us during the mid December cold snap. Her owners could not manage her health issues and were threatening to leave her outside. Once she received proper care for her urinary issues, she started thriving and it took no time at all for her to find her forever home.

Spring

As the warm days of spring begin to appear, we at the shelter are busy preparing for another season. Every spring we are inundated with litter after litter of kittens. We love kittens, because really who doesn't, but at the end of the day we would much rather see your fur babies get spayed and neutered. Did you know that one single female cat can have upwards of 180 kittens in her lifetime? That's a lot of babies who need to find homes and proper care! Every cat that passes through our shelter gets spayed and neutered before being adopted out to loving homes. Help us to keep the cat population down by getting yours fixed too!

Spring Fundraising

We are very much looking forward to seeing everyone's smiling faces this spring now that restrictions have been lifted! Here are just a few of our fundraisers.

We will be hosting a bake sale in April, so loosen your belts and come on down to get some tasty treats!

The month of May will bring a pop up shop to the shelter. Vendors will be announced via social media so make sure to check back with us.

It's time to get your vehicle ready for those long awaited summer road trips. Our local Dodge dealership Pioneer Chrysler will make a donation for every oil change done in their service department! Please call ahead of time to book your appointment.

Follow us on Facebook for up to date information on all that we are up to.

Thank you!

Thank You

As we come out of the craziness of the last two years, we cannot say thank you enough to everyone who has stood by the shelter. Despite the limitations we are constantly astounded by our supporters. No matter what the world threw at us we managed to come out on top and saving countless furry lives. We hold high hopes for what the future may bring. We are constantly on the look out for another building. Expanding our shelter gives us the means to take on more cats and kittens, keeping them safe until their families bring them to their forever homes. As always your continued support is what keeps us moving forward. Here's to seeing what the new year will bring, we hope to see you there!
